Ledwig Dance Academy Company 2019-2020

We are so glad you're interested in joining Ledwig Dance Academy's Company (LDAC). Our competitive dance team is a great way to further one's dance abilities and learn to work with others on a team.

Your child's dedication is important to the Company. When joining a team, your commitment is for the whole year (August-May). You are committed to attending all practices, working on your dances away from the studio, and attending all performances and competitions. We work as a team and need all members for the team to succeed.

Parents are also very involved when their child is an LDAC member. Dancers need their instructors at dance class to push them and continually help them set goals for themselves. They can only achieve these goals at a quicker rate with practice at home. This is where parents come in. We want you to encourage your dancer to practice at home. It also helps when you sit down with them for a few minutes each day to work on their dances and skills.

Your child will experience excitement when they master that new skill they have been working on for a while or are put in front of the formations in the dance. They will also experience disappointment – when they set a goal that they didn't meet by the end of the year; or when they want to move up in company every year but aren't quite ready yet. It's a great life skill to learn that the answer isn't always going to be yes.

Please remember that we are a dance family. We are to encourage one another and be a part of a team. Do not talk down to another dancer, parent, or director. If there is an issue it is to be addressed with Ms. Stephanie immediately.

Because we believe that dancers improve when learning from various teachers/choreographers, we attend conventions and/or travel to other states as a learning opportunity. Every other year we take a trip. The years in between we attend conventions. Trips are not required but highly recommended. The students must be 11 years or older to attend and must be in a ballet and jazz class. For conventions we take our intermediate, junior, and senior teams. More information is listed below.

Please read this packet carefully and through its entirety. There is a fees list and important dates sheet included. We schedule meetings, practices, and payments which will be available on the calendar. We will also send out a calendar once dates are finalized.

Conventions/Trips

Every other year our studio takes a trip to a dream dance destination – New York, Disney, etc. Dancers must be 11 years or older and enrolled in a ballet and jazz class. Dancers must also be approved before planning to attend – this is open to non-company dancers as well. Not all students will be allowed to go due to ability/experience. Usually those with several years in company are able to attend without any problems. Those who are newer to competitive dance may struggle as they don't have the experience. Trips are not mandatory but are highly recommended.
